

HISTOTECHNOLOGY

SOCIETY OF NSW

Virtual Educational Session

Saturday 26th November 2022 10:00am – 12:00pm

Artificial Intelligence (AI) & Deep Learning in Anatomical Pathology

Join us for a presentation by Dr. Melissa A Tadros,
University of Newcastle

"A brief tour of the emerging use of artificial intelligence in histotechnology, including biopsy screening tools and re-staining of tissue sections using algorithms.

Benefits and pitfalls will be presented, as well as some of the distinctions between the research and diagnostic environments."
