

Presented in conjunction with UTS science subject 91402 Anatomical Pathology as part of the practical component.

## Histology Industry Webinars

### Embedding Equipment and Embedding Media

The industry will work together to inform us of the latest equipment and embedding media that are available to histology laboratories. Their knowledge and expertise in this area makes the industry representatives more than sales persons but a vital part of the histology team.

*Register in advance for these meetings:*

Saturday May 29, 2021 09:30 Canberra, Melbourne, Sydney

<https://utsmeet.zoom.us/meeting/register/tZUldOqsrz4rHtAakpYXHT1xqc2DHfzIEyLO>

*After registering, you will receive a confirmation email containing information about joining the meeting. Remember to place this in your calendar to remind you*

This webinar is free

You will receive a certificate through your registration email.

Remember NATA Accreditation requires personnel who work in laboratories to attend continuing education sessions. All meetings sponsored by the Histotechnology Society of NSW count towards these requirements.
